

PRODUCT CHANGE NOTIFICATION

PCN-Industrial-Position-202306

This Product Change Notification serves to inform the Purchaser and Consumer of the impacted availability of the Sensata part numbers listed herein in accordance with the described timeline

Issue Date: 20 June 2023

Effective Date: 20 June 2023

To: Valued Customer and Partner

Subject: Material Discontinuation and Shortage Notification for Conductive Inks Impacting Potentiometers

Scope:

Sensata conductive ink supplier has discontinued the 1-58-203 and 1-58-500 which are used to mix the description "DP type ink" for the conductive plastic element used in potentiometers.

Products/Models this EOL applies to include the product series listed in Table 1.

Table 1 - Product Series Impacted by Conductive Ink Shortage

Product Series
96XX...
98XX...
98...
710...

Mitigation Plan:

Alternative inks and carbon screen printing paste options are being evaluated by Sensata engineering teams. Further details can be shared upon request following validation testing, upon which we can resume production.

Sensata values your business, and we regret any inconvenience this may cause. We remain at your disposal for any support you should need.
